Public Statement from Mold Town Council

Mold Town Council is aware of community discussions regarding the reported housing of asylum seekers at the Ambrose Centre flats.

At this time, the Council has not received any official information or confirmation from Flintshire County Council or the Home Office about these arrangements. We understand that the Home Office manages asylum seeker accommodation directly and does not inform local elected members about specific placements.

We understand that the accommodation is owned by Clearsprings, a property management company and is being prepared for occupation by families, although this remains unverified, as neither the Home Office nor Flintshire County Council have made any formal response to our requests for information.

We are making enquiries with the relevant authorities to try to obtain clarity on the situation. Any verified information we receive will be shared with the community through our usual communication channels as soon as it becomes available.

We appreciate the questions residents have raised and remain committed to ensuring open and transparent communication. However, without official details, it is difficult to respond to speculation or misinformation circulating in the community.

Mold Town Council urges residents to direct any formal enquiries about asylum seeker housing to the Home Office at: public.enquiries@homeoffice.gov.uk.

We also encourage everyone to maintain respectful and considerate dialogue during this sensitive time.

We continue to seek factual information and will update the community promptly if and when details become available.

Thank you for your understanding.
